

## Enova wins Award for “Energy Retrofit Project of the Year” at the 3<sup>rd</sup> RetrofitTech Awards

# ENOVA FACILITIES MANA

Enova, represented by Anne Le Guennec (CEO Enova, on the right), is the proud winner of this year's RetrofitTech Award in the **category “Energy Retrofit Project of the Year” for the JAFZA P1-P2 Project.**

### **Anne Le Guennec, CEO Enova:**

We have been a passionate supporter of RetrofitTech since its early days in 2015 and are glad to see that, over the years, it was able to establish itself as a leading retrofit event in the region. We are looking forward to the upcoming two summit days promising interesting insights into best practices and developments in the market.

We are delighted that our work has been recognized with this award and we would like to thank our partners for the great cooperation on this project:  
Economic Zones World, Etihad ESCO, National Bonds and DEWA, thank you!

Last but not least, a big thanks goes to our teams for their exceptional contributions to the project. By perfectly integrating development, technical and operations levels, they set a new standard for team work and cooperation. Thank You!
